OSI ORGANIZED STALKING INFORMERS

Introduction

Corrupt government and corporate elements are utilizing Remote Neural Monitoring Satellite technology also known as Satellite Terrorism to harass torture and terrorize individuals. This is being done illegally and criminally to individuals nationally and globally, and this criminal activity is going unpunished. In some instances these criminals are utilizing a Bogus, illegal so called "investigation" in attempt to coverup the crime. Once the Remote Neural Monitoring satellite technology is locked on the individual, this false, Bogus "investigation" is nothing more than repetitious harassment, torture and terrorism to the victim that last for years, with hopes of and objectives such as causing induced insanity, or hoping that the victim commits suicide, or having the victim jailed or institutionalized under false pretenses in attempt to discredit the victim. Targeted Victims should be aware that the definition of "paranoid schizophrenia" as scriptedly "amended", includes victims complaints and references to beliefs that someone's reading and controlling their mind or hearing voices, even though the truth is, current sophisticated Remote Neural Monitoring technology allows this and illegal Non Consensual Experimentation to involve the remote

causation of all these "symptoms". Psych bibles such as the DSM-IV conveniently do not contain this "classified" information. This is premeditatively, insidiously designed so that psychiatrists and other ignorant mental health employees can be used to discredit and silence victims by falsely merging real targeted victims with those who are suffering from mental conditions. Long term unemployment, isolation and other social problems also fit the psych profile of real schizophrenics, but again, most victims of technological crimes finish up in the same position and so can easily be mistakenly confused with those suffering from mental disorders.

Looking for other individuals who are being targeted with this technology

Listen to D.r. John Halls interviews which can be found on this blog. Read the symptoms of being targeted with RNM Remote Neuro Monitoring satellite technology we want to know and hear from other individuals who are being illegally targeted and harassed with this technology we know that there are probably thousands, we want to put a pattern together and draw a correlation between different individuals who are being illegally targeted with this technology then track these individuals down who are using this technology illegally to terrorize innocent people and prosecute these individuals to the fullest extent of the law.
