

Rayan 2nd statement

Introduction

Corrupt government and corporate elements are utilizing Remote Neural Monitoring Satellite technology also known as Satellite Terrorism to harass torture and terrorize individuals. This is being done illegally and criminally to individuals nationally and globally, and this criminal activity is going unpunished. In some instances these criminals are utilizing a Bogus, illegal so called "investigation" in attempt to coverup the crime. Once the Remote Neural Monitoring satellite technology is locked on the individual, this false, Bogus "investigation" is nothing more than repetitious harassment, torture and terrorism to the victim that last for years, with hopes of and objectives such as causing induced insanity, or hoping that the victim commits suicide, or having the victim jailed or institutionalized under false pretenses in attempt to discredit the victim. Targeted Victims should be aware that the definition of "paranoid schizophrenia" as scriptedly "amended", includes victims complaints and references to beliefs that someone's reading and controlling their mind or hearing voices, even though the truth is, current sophisticated Remote Neural Monitoring technology allows this and illegal Non Consensual Experimentation to involve the remote causation of all these "symptoms". Psych bibles such as the DSM-IV conveniently do not contain this "classified" information. This is premeditatively, insidiously designed so that psychiatrists and other ignorant mental health employees can be used to discredit and silence victims by falsely merging real

targeted victims with those who are suffering from mental conditions. Long term unemployment, isolation and other social problems also fit the psych profile of real schizophrenics, but again, most victims of technological crimes finish up in the same position and so can easily be mistakenly confused with those suffering from mental disorders.

RNM Remote Neural Monitoring Satellite Terrorism Symptoms

Are you being terrorized by (criminals) utilizing this satellite technology?

Are you experiencing any of the symptoms?

CAPABILITIES OF THE REMOTE NEURAL MONITORING

- Thought mind reading, reading/decoding of thoughts remotely.
- Vision. See as in a camera, through the victims eyes, to see what the victim is seeing, with the vision being more of a still camera function vs real-time vision.
- Hearing, ability hear and pick up what the victim is hearing.
- Ability to speak to the individual being targeted through interjections into TV's stereos, radios, scanners, cellular phones.
- Ability to speak or whisper to the victim "through the air" or broadcast voices or whispers around the target, that can appear to come from anywhere.
- Directed Energy Assaults from the Remote Neural Monitoring satellite technology that may manifest in the form of shocks, jolts, jars, jabs, pokes, taps, burns.
- Control of sleep patterns, sleep deprivation done by Electronic Directed Energy assaults from the satellite technology.
- Computer-brain interface, control and communication.
- Complex control of the brain such as manipulating emotions, implanting thoughts, retrieving memories, implanting emotions/personalities.

INDICATORS AND SIGNS OF BEING ILLEGALLY CRIMINALLY TARGETED WITH REMOTE NEURAL MONITORING

• Having your thoughts "read" /decoded/eavesdropped remotely.

- Feeling or sensing that you are being watched (a strong sense, non paranoia)
- Psychological Warfare: Having individuals engaged in Organized Gang Stalking against you, dropping hints or conveying to you by actions that they know aspects of your private thoughts or that they are able to view you in locations that are private or where you would expect to have a reasonable expectation of privacy such as your home, bathroom or other private locations.
- Psychological Warfare: Having individuals in media, tv or radio repeating or parroting back pieces and excerpts of your private thoughts on tv or radio.

- Being targeted with Organized Gang Stalking while you are being targeted with Remote Neural Monitoring satellite technology. Organized Gang Stalking usually involves Electronic Technological Harassment of some form that is going on simultaneously, either ground DEW or RNM satellite based.
- Electronic disturbances within your home, which may include thumping or popping noises on walls, TV's or appliances, light bulbs and TV's flickering.
- Microwave hearing also known as Voice To Skull or V2K which produces symptoms that mimics mental illness/paranoia.
- Persistent loud ringing in the ears, what is known as Silent Sound (fake tinnitus). This is common and frequently reported by targets and victims of Organized Gang Stalking.
- Hearing tones, or tone bursts in the ears that may last anywhere from 5 to 10 seconds, that may change in volume and pitch.
- Transmission of specific commands into the subconscious mind.
- Visual and audio disturbances, visual hallucinations.
- Injection of words, numbers or any other type of information into brain via electromagnetic radiation waves or by the Remote Neural Monitoring satellite technology.
- Electronic Assaults: Being touched or tapped or hit by an invisible force or having parts of your body suddenly moved.
- Being sexually stimulated by an unseen force.
- Electronic Assaults: Pain to any nerve of the body or to the body using Directed Energy from the Remote Neural Monitoring satellite technology.
- Remote manipulation of human behavior, thoughts actions or behaviors, induced emotions, anger, induced sleep or awake.
- Hearing voices or whispers that appear to come from different rooms of your home or the outside of your home, this is done by the Remote Neural Monitoring.
- Hearing synthetic voices or speech interjected into your TV, police scanner, radio, or cellular phone that responds to what you are thinking or saying privately to yourself.

Youtube Target / Victim Explains Being Targeted With This Technology

It's time to speak out and make knowledge of this crime and terrorism the norm!

Famous neuroscientist warns that remote neural monitoring equipment is **"far from being science fiction and can be used for "control of behavior and brainwashing"**.

I feel that I'm a victim of this senseless harrasment and human right invasion. I hear the voices of almost everyone I know and Unconditionally love. They tell me that HATE me so much, they are paid bonuses to hurt me mentally, There seems to be two groups. Group1 tells me the truth and is always agreeing with me. The second group doesn't hear the conversation I'm having with group one and they take everything personally and wonder why I don't explain. It's because the person in group 1 is agreeing to everything I do. Group 2 who I believe do this for free, unlike group 1, also are trying to say things so that I repeat them therefore the become my recorded words. I believe that I'm hated mostly for things that aren't my actual thoughts and I'm compelled by them because they use word association and they put words in my mouth. This probably isn't making sense to anybody. Sorry about my rant. I'm just sick of the senseless HATRED that is compelled by the voices.

This is part of the end of times only 144,000 of targeted individuals will survive and go to heavenThis is my understanding of all this.

I have been physically and sexually assaulted and abused to the point of excruciating, disabling pain by two women whom I believe have satellite equipment given to them by a relative in the military or somewhere. I heard them talking over 15 years ago off and on, a both distant and close kind of "airy" quality speech. They started physically hurting me about 10 years ago. I have moved out State to two different locations and new apartments nearly every year. I don't know how to get their location, but I believe it was in midtown Sacramento. There were other people involved whom I don't believe knew the potential of what the two women were doing, but hung around them trying to figure it out and being amused. If someone helps me I think we can find these women. I am barely able to work parttime due to almost constant pain and discomfort whcih they cause me. I can hear them discussing what they are going to do next. I am a human video game. They are frequently enebriated which makes them even more out of control. I will be working for Head Start. I'm a credentialed teacher. Please help me find them so I can take this job. When with people, which I usually am because I live with a family, I have to tell them I have a terrible back pain problem to cover for this horrible assault. I couldn't possibly tell them because first, they would not believe me and second, as a result of my saying something so bizarre and fright ening they would probably ask me to move I have no money and nothing they could possibly want, though I've heard them say they got (stole) money someone invested for me. I would be surprised if they could define the word "invest". They use those ideas to try to break me. They try anything to hurt and break me.

I live in Canada (Toronto) - I have been seeing random people from the community follow me around everywhere I go. After researching on the internet I came to know there is an actual system called : "gangstalking" and "community stalking" When reading through some of the experiences that some targets are going through, I can only cry...that this crime is still under hidden doors!!!

This crime is being exposed and the more people put it before the courts and Sue government the greater chance it will start to be curbed. Remember the government wants it to be a covert operation but in the public eye it's far from covert. With CIA agents ratting on the government it adds more weight to all the stories of electronic harassment stalking rfid bugs implanted etc. The rfid chip is implanted in humans in teeth.. as fillings..in stitches..ear implants..and it involves doctors surgeons dentists being paid. Thus a criminal network..if you have an RFID implant and figure how u got it...go to tge doctor dentist surgeon abd rake them over the coals until they spill the beans. Of course they will be threatened and paid well but that's an extortion charge to go to police about. Find all avenues to go after government legally and first place to start is at medics professions etc.

I am able to manage while hearing my thoughts repeated back to me. No pain but there is a satellite on me showing me pictures reeking havoc on my ears lol. I was diagnosed with schizo affective disorder but it's just a satellite I'm sure. Everything is great other than that! No sleep problems and no gang stalking just the sound of my thoughts being repeated. I wish I could get it to stop but it's been five years and I'm sorry of getting used to it. I would feel better without the satellite but I might miss it now that I've learned to live with it. Good luck on your journeys!

I am a TI victim for 11+ years. I'm tortured and raped by the weapons 24/7/365. They NEVER TAKE A DAY OFF! They work in shifts also. Monitor all of my phone conversations, interference with my phone - doesn't ring, cuts off in mid conversation. They have even STOLEN MY VOICE MINUTES FROM MY PHONE. They vandalize my vehicles, torture my pets, tell LIES ABOUT ME TO EVERYONE IN THE COMMUNITY!! I am certain that they will kill me eventually, when they have had their fun. Also ruined my hip joint to the point that I can barely walk. They stalked and terrorized me to the point of losing my job 12 years ago and now I'm unable to work. Live in poverty because of these barbaric sociopaths. This is a DISGRACE. GOD WILL PUNISH THE MONSTERS COMMITTING THESE CRIMES AGAINST INNOCENT PEOPLE!!

Bless your heart. I am so sorry you are going through this and I can imagine how scared and despairing you are. Listen, this cant be hidden forever and will be widely and massively exposed once the ball gets the initial rolling. Unless America turns into a totalitarian dictatorship, then all bets are off. If they can do this, they are the types to fancy themselves shot collars in a fascist government. But theyll never amount to ANYTHING because they have already proven they are of low morality and know too much. Theyll get theirs, I am only sure about this one thing, but very sure.

I am a true blue real thing targeted victim since 2006. I am tortured by neural remote monitoring. They broke into my home, drugged me at night and inserted some sort of implants all over, over a period of months. Neighbors reported a white van in our driveway while we were out of town one Christmas and just thought we were remodeling!! I have decreased the pain, sexual assault by using neodymium magnets. 6 of them stacked together. And I cover pain center implant sites with lotion or body oil. The feet are the key. Between toes and especially the r big toe and the outside of the little toe. Also where your able joins your foot. Under your arms. Armpit are a really bad site. My breasts and chest is particularly targeted. Main site is also unrneath breast's and just below sternum. And rectum. Rectum is the site of the implants that enhance the sexual stuff. I am still alive because I have good psychological help and I pinch any area that has a localized pain spot. Especially on the scalp. I think I am disabling the implants as my pain is now tolerated with naproxen. I jerk at night before and just after each torture session which can last hours or all nite.

I no longer hear the voices in my head as squeezing spots of pain and skin behind my ears stopped it. I am a target of gang stalking, maybe East European and some of them are doctors, anatomists. Hope this post saves a life. No one else knows as they would never believe me.

I'm a UK midlands smalltown (CV??) Targetted Individual. This Voice to Skull (V2K), Remote Neural Monitoring (RNM) and Directed Energy Weapons (DEW) system is real, and world wide. It's everywhere, so it NWO inspired/sponsored? By using RNM and V2K technologies, my perpetrators can read, monitor and modify thoughts, monitor and modify perceived hearing and vision, and mess with any other body parts or function in any way they please. They also cause intense pain, cripple and even kill. I was

recently thrown headlong into retail shelving, busting my head and glasses, leading to a four hour, five stitch spell in A&E. They have yet to kill me ;), but this has been threatened/promised. Also, I've been told to kill myself: jump off a carpark, fall under a train. Sleep control and deprivation is a huge part of their game. My perps, who claim to be British police, do this and more to me on a 24/7 basis. Also they seem to fuck with my internet access to wind me up, prevent research and block or tamper with communication. I'll be amazed if this message loads without interference of some kind. Now add Artificial Intelligence to the picture. There's easily enough computing power to control every single person on the planet by applying this technology (think mobile phones). This is clearly where it's heading. Indeed DAVOS has already hinted at this (see my references below). What the open minded, free thinking amongst us can see is staggering, frightening. The blind acceptance and ignoring of it by the closed minded, short sighted 'sheeple' amongst us is equally staggering, equally frightening. They claim to be police: strange thing is I live within 500 metres of the principal district police station, so why do they not just pop round and see me? I have even called in on numerous occasions to enquire, receiving only negative and curious responses: they always say they don't want me at all! Last time I called they chucked me in an ambulance and sent me to a shrink.

Britain beware! A burgeoning Orwellian police state now exists in your country. YOU HAVE BEEN WARNED!

Why target me?
This is the one that I and, I suspect, most, if not all, TIs simply cannot answer. Now you try and answer this one. Have you considered the huge moral, ethical issues involved in this? For instance, have you asked yourself the question: "When, if ever, is it right to anonymously practise mind reading, mind control and gang stalking?" Now crank it up a bit and consider: "When, if ever, is it right to anonymously trash peoples lives by mind reading, mind control and gang stalking?" Or this: "When, if ever, is it right to anonymously trash peoples lives by mind reading, mind control, gang stalking and random use of directed energy weapons?" Please bear in mind that many victims are driven to suicide without ever knowing why they are targetted, or by whom they are targetted. This technology is destroying humanity itself. You would not know if your mind was being got at unless the perpetrators wanted you to know, as it can run totally undetected by the target. You yourself could be an active target right now. You would not know. Remember: First they came for the Socialists....

If you are targetted:
Do not stay in. You must not lose your social circle. If your friends don't believe you, don't bring the subject up. Once you become isolated, you are finished. It's tough, but you must fight.
So you know, I'm getting V2K 24/7, with DEW assaults at least twice a day. My perpetrators claim to be police, but they don't want to know. Stay strong, you are not alone.?

PS For further reading and viewing, search for 'Richard Diell' Makes you aware just how far these bastards will go!?
Also watch <https://www.youtube.com/watch?v=YhK7opcG6ao&t=5s>. If this fails, search "Davos Elite" on Truthstreams' Youtube channel.?

Hi, my name is Clinton Park, I'm currently an employee of cbj dairies I have been employed here approximately 2 months. Since I started working here I noticed some strange feelings and often thought I had heard someone speaking, it is now occurring more often and somewhat clearer to understand, although I have been modulated for two months almost non stop losing sleep, not able to eat, shower or even think. This has been so frustrating for me because I was having a very difficult time determining if i was crazy or if someone was actually reading my thoughts and manipulating my actions and emotions. I'm now certain at this time it's some sort of modulated pulsed electro- magnetic wave, infrared or microwave. Not only are they scanning my brain waves but they also see my surroundings in fine detail, probably millimeter microwave. If you are doubting my story so far please check out us patent 3951134 this was in 1974 so I'm sure the technology is much better today. Please help me, I know and understand their technology and have some audio of two different transmissions. I need someone with the resources and audience to help inform the people, discover the criminals responsible, and prevent future events, as well as, create laws and regulations for this type of radio signal to better protect our children and citizens from this new and very dangerous form terrorism. I have a list of names I believe are responsible for my electronic harassment please contact me asap any help would be greatly appreciated. Thank you.
